★ 2007, 2008, 2009 TOP DOCTORS ★

Dr. Jack Steven Daubert has been in the private practice of Ophthalmology since 1989. Not only has Dr. Daubert won the respect and admiration of his many patients, he has also been hailed by physicians and peers as one of South Florida’s “Best Doctors” in several publications including the consumer reference book “The Best Florida Doctors” and regional top doctor awards by Castle Connolly Medical, Ltd., in 2007, 2008 and 2009.

In addition to Dr. Daubert’s expertise in refractive surgery, he is Fellowship-trained in diseases of the retina, which includes treatment of diabetic retinopathy and the latest therapies for the treatment of macular degeneration. Dr. Daubert is highly skilled in the non-invasive form of cataract removal, which allows the patient to resume normal activities immediately following surgery. Dr. Daubert is certified in all advanced intra-ocular lens technologies, allowing him to tailor cataract lens implants to the lifestyle needs of his patients. Dr. Daubert’s practice reflects his philosophy to offer his patients the very best outcomes by investing in the most advanced proven technologies while providing personalized patient care.

Dr. Jack Daubert’s vast clinical experience and impressive results have earned him an international reputation for excellence. His commitment to high-quality patient care and his affiliation with the best doctors have made him one of North America’s most respected providers of LASIK vision correction. It’s quite understandable why Dr. Daubert is the choice for LASIK among some very talented people whose eyes are critical to their professional success. Pro golfers, pro baseball players, pilots, radio and TV personalities, police officers, firefighters, fellow physicians and surgeons trust only the best, and they trust Dr. Jack S. Daubert, M.D.

Florida Vision’s convenient locations are configured with the latest, state-of-the-art equipment and staffed with dedicated, caring professionals who will make you feel like family.
